Kathmandu, Nepal

Career Objective

Motivated Computer Engineering student eager to grow by building expertise across modern frontend and backend frameworks. Seeking opportunities to contribute to impactful real-world products.

Technical Skills

Languages: JavaScript, Python, HTML, CSS

Frontend: React.js, Next.js, React Native (Expo), Tailwind CSS

Backend: Node.js, Express.js, FastAPI

Databases: MongoDB, Firebase FCM

ORM & Auth: Prisma ORM, JWT Authentication

Tools & Platforms: Git, GitHub, Supabase

Projects

Help Sathi

React Native (Expo), FastAPI, CNN + GRU, Whisper AI, MongoDB, Firebase FCM

- Built an Android mobile app designed to protect users in distress, particularly in sexual harassment situations.
- Integrated a CNN + GRU deep learning model with Whisper AI to detect user emotion and distress from speech in both Nepali and English in real time.
- Implemented an automatic SOS alert system that triggers an alarm and dispatches an emergency notification with location to pre-set contacts via Firebase FCM.
- Designed a FastAPI backend with MongoDB for data storage, user authentication, and role-based access control.

Brain Tumor Detection

Python, CNN, VGG19, ResNet50, Image Classification

- Built and compared multiple deep learning models (CNN, VGG19, ResNet50) for classifying brain tumors from MRI scan images.
- Applied transfer learning with VGG19 and ResNet50 to improve classification accuracy over a baseline custom CNN.
- Performed data preprocessing, augmentation, and model evaluation using standard medical imaging metrics.

Interview AI

React.js, Node.js, Express.js, MongoDB, JWT, Gemini AI, Puppeteer

- Built a full-stack Generative AI platform for resume analysis, job description matching, and skill-gap detection.
- Implemented AI-powered interview preparation and ATS-optimized resume generation using Gemini AI and Puppeteer.
- Handled authentication with JWT and data persistence with MongoDB in a Node.js/Express backend.

Education

Advanced College of Engineering and Management

Bachelor of Engineering in Computer Engineering

Kathmandu, Nepal

2022 – Present

Kathmandu Model College (KMC)

Higher Secondary Education (Science – Grade 11 & 12)

Bagbazar, Kathmandu

Completed 2022

Ideal Model School

Secondary Education Examination (SEE)

Dhobighat, Lalitpur

Completed 2020
